SPRAY

A fresh scent. On demand.
For your venue.

One wall.
Five fragrances.
£1.50 a spray.

SPRAY is a wall-mounted fragrance station for nightlife. Guests choose a scent on the screen, tap their card, and get a single spray of a real designer fragrance. Three seconds. No staff, no cash, no stock behind the bar.

Choose. Pay. Spray.

01

Choose

Five fragrances in a backlit display. Guests pick on the 10.1" touchscreen.

02

Pay

Tap or card at the built-in terminal. No coins, no change, nothing for your staff to handle.

03

Spray

Wrist or neck to the panel, press the button. One measured spray, every time.

A small addition.
A better night.

Your guests smell great.

Dancing, heat, smoke outside, a long night: everyone could use a refresh by midnight. SPRAY turns a complaint nobody voices into a moment guests remember and post about.

It costs you nothing.

We supply, install, insure, stock and service the unit at our cost. You give us a wall and a socket. The machine draws 25 W, about the same as a light bulb.

You earn from day one.

Every spray pays. Our partner venues receive 25% of net sales, paid monthly with a statement from the machine's own live data. No counting, no chasing.

It looks the part.

Glossy black front, chrome buttons, a backlit display of real designer bottles. It reads as a premium fixture, not a vending machine, and sits flush on the wall by the toilets or the smoking exit where it earns most.

On your wall.
Where the night happens.

Toilet corridors, cloakroom queues, the smoking exit: the places guests pass ten times a night. We'll find the spot on a twenty-minute visit.

25% of every spray. Paid monthly.

Founding partners receive a quarter of net sales for the life of the agreement. We pay within 14 days of month end, with a statement straight from the machine's own sales data. You never raise an invoice.

Price per spray	£1.50
Less VAT (20%) and card processing (~1.5%)	£1.23 net
Your share, per spray	31p

ILLUSTRATIVE MONTHLY SHARE · 3 OPEN NIGHTS A WEEK

QUIET · 50 SPRAYS A NIGHT

£200

per month
≈ £2,400 a year

TYPICAL · 100 A NIGHT

£400

per month
≈ £4,800 a year

BUSY · 250 A NIGHT

£1,000

per month
≈ £12,000 a year

Illustration only, not a forecast. Assumes 13 open nights a month, £1.50 a spray inclusive of VAT at 20%, card fees of about 1.5%, and a 25% share of net sales. Actual takings depend on footfall, placement and opening hours. Multiple units per venue earn separately.

Install. Use. Refill.

01

We install.

We survey the spot, fix the unit to the wall, plug in, test payments and leave it live. One visit, outside your opening hours.

02

Guests pay at the machine.

The unit sells on its own. Card-only, so there's no float, no cash in the machine and nothing to reconcile at close.

03

We service and refill.

Every unit reports its stock and sales to us in real time. We refill before a bottle runs dry, and you have a direct line to us for anything else.

YOUR COST

Nothing

Ever

It belongs in the room.

Clubs, late bars, hotel bars, members' rooms. The unit reads as a fixture, not a vending machine, and sits as comfortably on walnut panelling as on painted brick.

Real bottles.
Real houses.

Five fragrances per unit, curated for your crowd and rotated with the seasons. A line-up might pair three for him with two for her, or lean fully one way for a specific night. You get a say.

Line-up shown is illustrative. Final selection is confirmed with you before install.

Three things and you're live.

01 A wall. About a metre wide, in a spot guests pass often. We'll suggest the best one on a twenty-minute visit.

02 A socket. A standard 13 A outlet within reach. That's the whole electrical requirement.

03 A signature. A plain-English 12-month partner agreement, rolling monthly after that, 30 days' notice either side.

THE FOUNDING PARTNER OFFER

25% of net sales. Category exclusivity for your venue. Zero cost, ever.

We're installing our first London units now. Partners who sign in this round keep the founding rate for as long as the unit stays on their wall.
